Interviewer: Hi, good afternoon. My name is Aadira and today I'll be conducting a short interview on your pet as you can see here. So before we start what's your name and how old are you?

Interviewee: I'm Fleur and I'm twenty-five.

Interviewer: Okay so now we can see the gorgeous dog here. What is his name?

Interviewee: His name is Timon.

Interviewer: How old is he?

Interviewee: He's 8 years.

Interviewer: And how long have you had him?

Interviewee: Since 8 weeks.

Interviewer: Oh, that is crazy! So what breed is he?

Interviewee: He is a Stabyhoun.

Interviewer: Uhu, and did you get him initially because of he's a Stabyhoun or did you just like how he looked?

Interviewee: We looked for a calm dog that was easy trainable and manageable and that could be alone at home very well.

Interviewer: And would you say he meets the criteria as well?

Interviewee: Yes, he does.

Interviewer: And how would you say your interactions with him are in general?

Interviewee: He's like my little baby, I trained him very well, he follows me everywhere so..

Interviewer: Oh my god, at the end of the interview could we see some tricks he can do?

Interviewee: Yeah, sure.

Interviewer: Okay great, that's so cute. Now how do you think his interaction with other people are?

Interviewee: He's very good with people and kids too if they're not too loud, he's really calm.

Interviewer: That's so cute. So now does he need to be walked often or what is his schedule like?

Interviewee: I think it's like a regular dog. We walk him three times a day and once before we go to sleep so he can go pee and the walks are like twenty minutes so an hour a day.

Interviewer: So you get your exercise in too?

Interviewee: Yes.

Interviewer: That's nice. What's your favourite thing about Timon?

Interviewee: The cuddling, he's really cuddly. He loves to get pet and just be there with you, like if I'm sitting somewhere he sits with me.

Interviewer: Those are all the questions I have right now, thank you so much!

Interviewee: Thank you too!
